

CAPPIT
SOLUTIONS

Service Offering

ABOUT US

Whether you've just launched your first business or you're a seasoned pro, tackling the books can take a lot out of your day. Let us take care of it.

Cappit Solutions is a **full-service accounting** firm in the GTA with **10+ years of experience** in public practice, industry and consulting.

Our Vision

Provide small businesses and sole proprietors with access to sound financial information & advice to help grow their businesses.

Our Mission

Systemize and automate your finance tasks, freeing you to focus on value-add activities that help your business grow.

Our Values

Providing our clients service that is top T.I.E.R.:
Transparent, **I**nnovative, **E**fficient and **R**eliable.

WHY CAPPIT

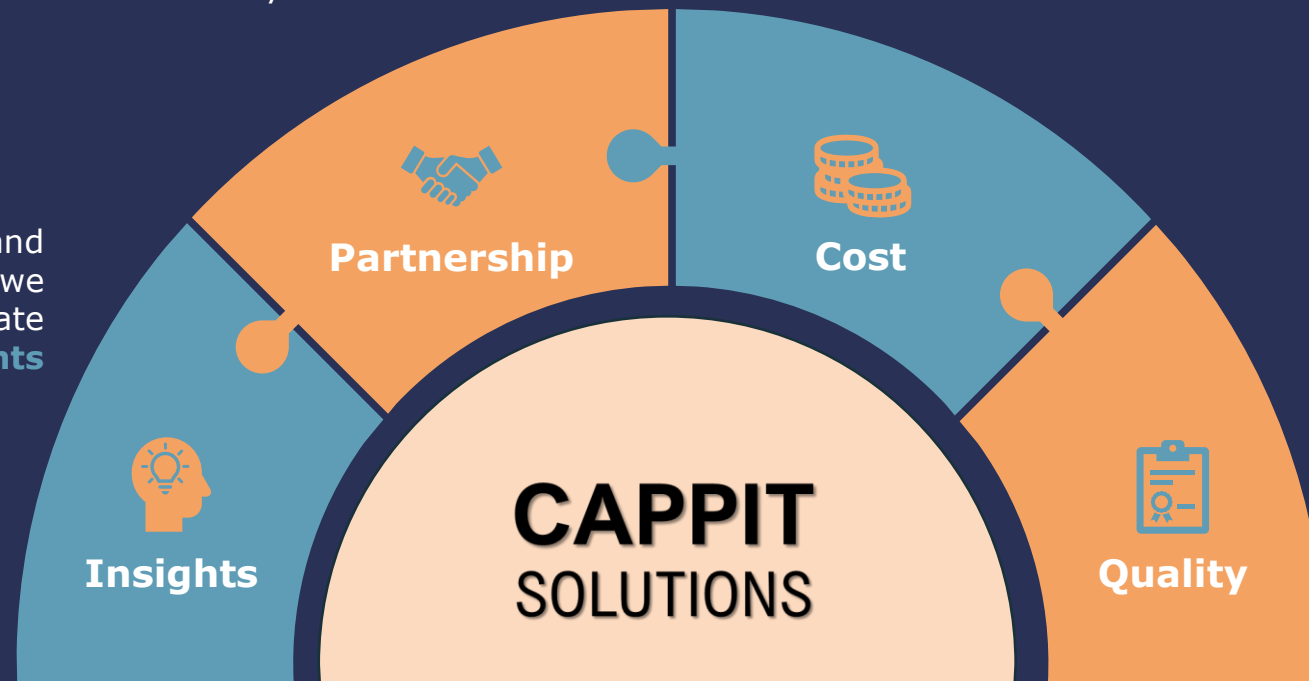

Cappit Solutions is the accounting firm that can help elevate your business to the next level.

We are a small business just like you. We understand the value of having a long-term **partner** with services that you can trust.

Using an **automated delivery model**; we have streamlined our processes and pass those **cost savings** to you.

Using a **personal** and **collaborative** approach, we **transform** the **data** you create everyday into **actionable insights** to help **your business grow**.

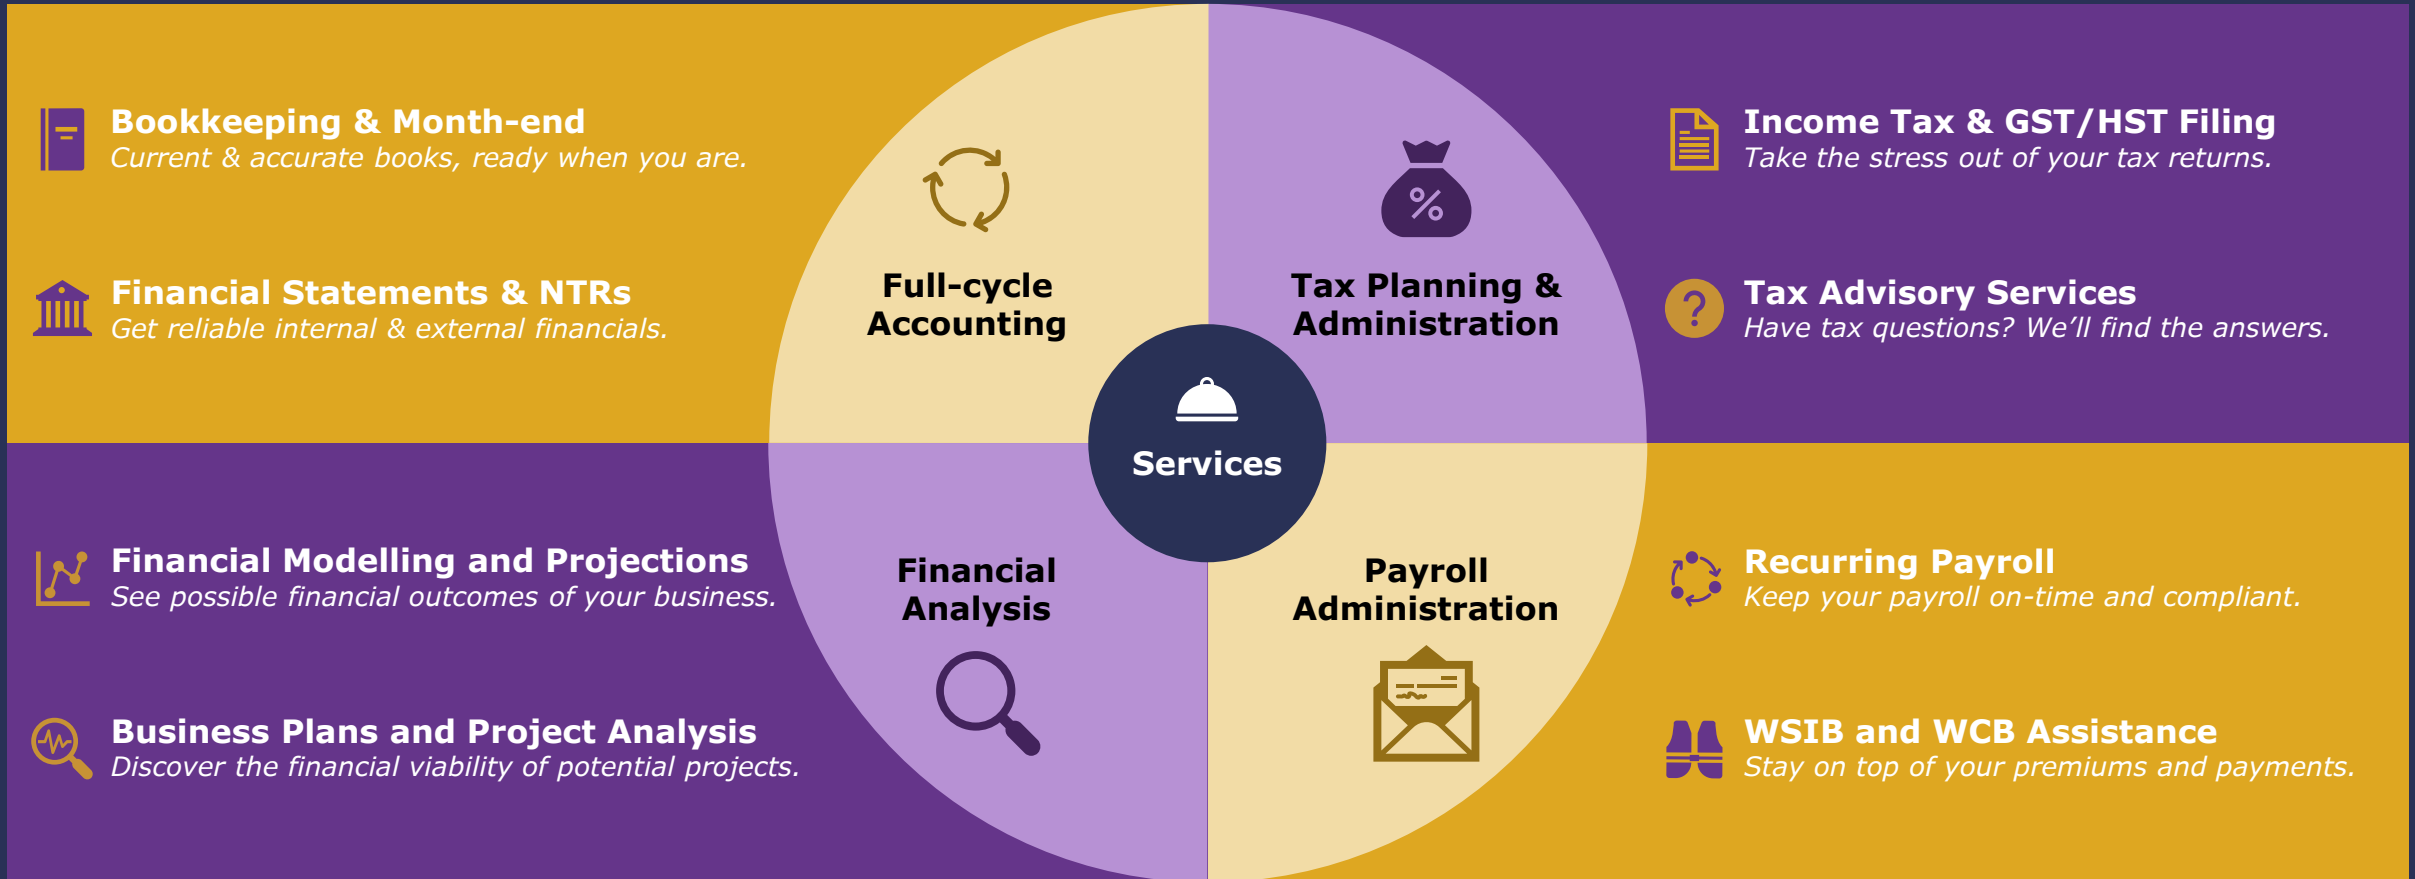

As **chartered accountants**, we hold ourselves to the **highest standards**, and consistently provide **quality** work that **you** and your business **deserve**.

SERVICES

We're proud to offer a full 360° range of service, so you can keep your focus on moving your business forward.

HOW WE DELIVER

Understand

Unlike the big firms, we take the time to truly **understand** your business. By identifying your **current & future needs**, we're able to tackle your most urgent challenges while also supporting your business move towards its' long-term objectives.

Design

Leveraging a collaborative approach and our diverse experience, we craft a **personalized accounting solution** designed with **your unique needs** in mind.

Deliver

Using an **innovative cloud-based** ecosystem and well-defined **workflows**, we **reliably & efficiently deliver** your tailored accounting solution.
